

INDEX OF VOLUME 58

ORIGINAL PAPERS

ADAMOVSKÝ R., MAŠEK L., NEUBERGER P.: Analysis of rock mass borehole temperatures with vertical heat exchanger	57
AHMADI E.: Bruise susceptibilities of kiwifruit as affected by impact and fruit properties	107
ALIPOUR A., VEISI H., DARIJANI F., MIRBAGHERI B., BEHBAHANI A.G.: Study and determination of energy consumption to produce conventional rice of the Guilan province	99
AMIRI CHAYJAN R., SALARI K., SHADIDI B.: Modeling some drying characteristics of garlic sheets under semi fluidized and fluidized bed conditions	73
AVIARA N.A., ONUH O.A., EHIABHI S.E.: Influence of moisture content and loading orientation on some mechanical properties of <i>Mucuna flagellipes</i> nut	66
BROŽEK M., NOVÁKOVÁ A., KOLÁŘOVÁ M.: Quality evaluation of briquettes made from wood waste	30
HERÁK D., KABUTEY A., SEDLÁČEK A., GŮRDIL G.: Mechanical behaviour of several layers of selected plant seeds under compression loading	24
HEŘMÁNEK P., RYBKA A., HONZÍK I., VENT L., JOŠT B., MAŠEK J.: Analysis of strength ratio of different hop strings	148
HUTLA P., JEVIČ P., STRAŠIL Z., KOČICA J.: Impact of different harvest times on ash fusibility of energy grasses	9
IVANOVA T., HAVRLAND B., HUTLA P., MUNTEAN A.: Drying of cherry tree chips in the experimental biomass dryer with solar collector	16
JADIDI M.R., SABUNI M.S., HOMAYOUNIFAR M., MOHAMMADI A.: Assessment of energy use pattern for tomato production in Iran: A case study from the Marand region	50
JANEČEK A., ADAMOVSKÝ R.: Optimisation of a clam bunk skidder from the emission production point of view	136
JUNGA P., KRČÁLOVÁ E., SOMERLÍKOVÁ K., MAREČEK J.: Experimental testing of some types of biologically degradable materials for processing in the SBM mechanical plant for hydrothermal treatment	1
MIKLEŠ M.: Determination of the technical parameters of shaping tools for delimiting head	131
MÜLLER M., LUKEŠOVÁ D.: Ear tag mechanical properties under extreme climate conditions	142
MÜLLER M., VALÁŠEK P.: Degradation medium of agrocomplex – adhesive bonded joints interaction	83
PEXA M., KUBÍN K.: Effect of rapeseed methyl ester on fuel consumption and engine power	37
SOUČEK J., BLAŽEJ D.: Linseed harvests parameters depending on the state of cutting mechanism	46
STRAŠIL Z.: Evaluation of reed canary grass (<i>Phalaris arundinacea</i> L.) grown for energy use	119
VALÁŠEK P., MÜLLER M., PROSHLYAKOV A.: Effect of sedimentation on the final hardness of polymeric particle composites	92

SHORT COMMUNICATION

BISHOP C.F.H., GASH A.F.J., HESLIM C., HANNEY S.: The coefficient of friction of individual potatoes and various handling materials 114

KABUTEY A., HERÁK D., CHOTĚBORSKÝ R., NAVRÁTILOVÁ M.: Model for energy and deformation determination of different oilseeds under compression loading 155
